CHOOSING A MEDICARE SUPPLEMENT PLAN: TURNING 65 AND 65 AND NEW RETIREES

VERMONT MEDIGAP BLUESM

HEALTH CARE AFTER RETIREMENT

Three steps to quality health care after retirement:

STEP

TO GET STARTED, ENROLL IN MEDICARE PARTS A & B:

Medicare Part A (hospital insurance) and Medicare Part B (medical insurance) are managed by the Federal Government and help cover specific services.

- Part A–Hospital insurance For more information on Part A, see page 3.
- Part B-Medical insurance For more information on Part B, see page 3.

STEP

NEXT, PROTECT YOURSELF AGAINST OUT-OF-POCKET COSTS WITH A MEDICARE SUPPLEMENT PLAN:

Generally, Medicare pays 80 percent of the Medicare-allowed amount—leaving you to pay the remaining 20 percent. A Medicare supplement insurance policy, or Medigap policy, is health coverage offered by insurance companies and provides assistance with costs not paid by Medicare, like co-insurance, co-payments and deductibles.

• Medicare supplement insurance For more information, see page 4.

STEP

3

FINALLY, COMPLETE YOUR COVERAGE WITH PRESCRIPTION DRUG COVERAGE:

Part D drug coverage is Medicare's prescription drug program and is offered through private insurance companies.

• Part D–Drug coverage For more information on Part D, see page 5

1 ENROLL IN MEDICARE PARTS A & B

HOW DO YOU ENROLL?

For Medicare Parts A and B, call Social Security toll free at (800) 772-1213 (TTY: (800) 325-0778) or visit **ssa.gov/benefits/medicare**. You can also set up an appointment at your local Social Security office. You'll need to provide proof of age, such as a birth certificate.

Part B late enrollment penalty:

Timing for Part B enrollment varies based on individual circumstance. However, in most cases, if you don't sign up for Part B when you're first eligible, you'll have to pay a late enrollment penalty.

What is Medicare ?

MEDICARE IS THE FEDERAL HEALTH INSURANCE PROGRAM FOR:

- people 65 or older,
- people under 65 with certain disabilities, and
- people of any age with End-Stage Renal Disease (ESRD).

PART A-HOSPITAL INSURANCE COVERS:

- Inpatient hospital care
- Care in a skilled nursing facility
- Hospice care
- Some home health care

For most individuals, Medicare Part A (hospital insurance) is free. If neither you nor your spouse has paid Medicare taxes for at least 10 years, you will need to pay a monthly premium. (You can find this amount in the "Your Medicare Costs" section at **medicare.gov**.)

If you are eligible for Medicare Part A (hospital insurance), with or without a cost, you can also enroll in Medicare Part B (medical insurance).

PART B-MEDICAL INSURANCE COVERS:

- Doctor and other health care providers' services
- Outpatient care (medical care or treatment that does not require an overnight stay in a hospital or medical facility)
- Durable medical equipment
- Home health care
- Some preventive services (such as flu shots and yearly wellness visits)

Part B, which you may decline, requires a monthly premium. The Part B premium can come right out of your Social Security check. Most people will pay the standard premium amount. If your modified adjusted gross income is above a certain amount, you may pay more.

2 CHOOSE A MEDICARE SUPPLEMENT PLAN THAT WORKS BEST FOR YOU

The next component of the equation is Medicare supplement insurance, also known as a Medigap plan.

Medicare supplement plans provide assistance with costs not paid by Medicare, like co-insurance, co-payments and deductibles. You pay a monthly premium to the insurance company for this coverage (in addition to your Medicare Part B premium).

Medicare supplement plans differ based on their coverage.

Vermont Medigap BlueSM is our Medicare supplement plan. We offer Plans A, C*, D, F*, G, and N. See pages 6 and 7 for a plan comparison chart.

WHEN YOU ARE ELIGIBLE

You may apply for Vermont Medigap Blue coverage only during your initial Medicare open enrollment period (or as otherwise required by law). The open enrollment period is the six-month period that begins on the first day of the month that you are both 65 years of age or older and enrolled for benefits under Medicare Part B. If you are eligible for Medicare because of a disability, you may only enroll in Vermont Medigap Blue during the six months following the date you become eligible for Medicare. Your coverage takes effect on the first day of the month after we receive your application.

Did you become eligible for Medicare prior to January 1, 2020?

If you answered yes and haven't enrolled in Medicare or purchased a Medicare Supplement plan yet, you have options.

When you are ready, you have several Medicare Supplement plans available – including C and F.

- **OFFERS VERMONTERS:**
- Affordable rates
- Personal attention from our local sales and service staff
- Special invitations to fun-filled activities and events throughout the state at **bluecrossyt.org/events**
- · Coverage accepted throughout the U.S. and, with some plans, during foreign travel

For more details about our Medigap plans, see pages 6–7 of this brochure.

You may not cover dependents under your Vermont Medigap Blue supplement plan. If you convert to Vermont Medigap Blue coverage from two-person or family coverage with Blue Cross and Blue Shield of Vermont or The Vermont Health Plan, you need to maintain separate coverage for your dependents. If you or your spouse are still employed, you may be eligible for group coverage. Contact your group benefits manager about your options.

Please call (800) 255-4550 or visit **bluecrossyt.org/vmb** for more information.

Please note that to be eligible for Vermont Medigap Blue, you must be enrolled in both Parts A and B of Medicare.

All Medicare supplement plans are insured by The Vermont Health Plan, a subsidiary of Blue Cross and Blue Shield of Vermont.

Insured by the Vermont Health Plan Medicare supplement plan series: Plan A (280.258), Plan C (280.259), Plan D (280.260), Plan F (280.300), Plan G (280.507), Plan N (280.299).

3 ENROLL IN PART D DRUG COVERAGE

The final component of the equation is Medicare prescription drug coverage (Part D). Medicare Part D plans are offered by private insurance companies approved by Medicare and are available to anyone who is entitled to Medicare Part A and/or enrolled in Part B.

Part D adds drug coverage to original Medicare and covers both brand-name and generic prescription drugs at network pharmacies in your area. (Note: Part D typically does not cover over-the-counter medications.)

You must enroll in Medicare Part D through a private insurance company and pay a monthly premium. Each plan can vary in costs (premiums, deductibles, co-payments and drugs covered). You will pay these costs in addition to your Medicare Part B premium.

You should consider joining a plan unless you will already have drug coverage that is at least as good as Medicare Part D prescription drug coverage.

Blue Cross and Blue Shield of Vermont, in a joint venture with three other New England Blue plans, contracts with the Federal Government to offer Medicare prescription drug coverage, called Blue MedicareRxSM (PDP).

See our separate brochure, Blue MedicareRx (PDP), for more information about our products. You can learn more about our plans and eligibility requirements at **rxmedicareplans.com**. You may also call the Blue MedicareRx (PDP) team at (888) 496-4178, TTY: 711 (24 hours a day, 7 days a week).

Blue Cross and Blue Shield of Vermont, in a joint venture with three other New England Blue plans, contracts with the Federal Government to provide Part D benefits.

Anthem Insurance Companies, Inc., Blue Cross and Blue Shield of Massachusetts, Inc., Blue Cross & Blue Shield of Rhode Island, and Blue Cross and Blue Shield of Vermont are the legal entities which have contracted as a joint enterprise with the Centers for Medicare and Medicaid Services (CMS) and are the risk-bearing entities for Blue MedicareRx (PDP) plans. The joint enterprise is a Medicare-approved Part D Sponsor. Enrollment in BlueMedicareRx (PDP) depends on contract renewal.

HOW DO YOU ENROLL?

To get Medicare drug coverage, you must join a Medicare drug plan through a Prescription Drug Plan (PDP). Plans vary in cost and drugs covered. To compare plans, go to medicare.gov.

You are eligible to enroll three months before, during, or three months after the month you turn 65, or your Medicare eligiblility begins, or during the open enrollment period each year between October 15 to December 7.

It is important to investigate your options now. If you wait, you may have to pay more for your coverage later.

Part D late enrollment penalty:

Unless you are eligible for extra help with paying your Medicare costs or had other ceditable prescription drug coverage, you may owe a late enrollment penalty. The cost of the late enrollment penalty depends on how long you went without Part D or creditable prescription drug coverage, and is added to the cost of your monthly Part D premiums.

People with limited income and resources:

May qualify for extra help in paying their premiums and out-of-pocket costs. If you qualify for additional assistance for your Medicare Prescription Drug Plan costs, the amount you pay for your premium and your cost at the pharmacy will be less. The subsidies may apply if you are Medicare-eligible and your resources and annual income are less than the amount defined each year. You can contact the Social Security Administration or your local agency on aging to see if you gualify.

^{1.} Plans F and G also have a high deductible option which require first paying a plan deductible of \$2,700 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

².Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

³·Plan N pays 100% of the Part B co-insurance, except for a co-payment of up to \$20 for some office visits and up to a \$50 co-payment for emergency room visits that do not result in an inpatient admission.
